

To strengthen our team we are looking for

## Post-Docs from the broad field of Natural Science

We are a medium-sized biotechnology company in the heart of Munich with a strong science-oriented focus. We are currently working on the following research projects, among others:

- Corona research
- Electrolysis (Green Deal)
- Biotechnological fermentations

As part of the MSCA (Marie Skłodowska-Curie Actions) you have the opportunity to apply for a research grant together with Silantes for one of the projects mentioned. Further information on the MSCA programme can be found here:

[https://ec.europa.eu/research/mariecurieactions/msca-actions\\_en](https://ec.europa.eu/research/mariecurieactions/msca-actions_en)

**This is what you should bring with you:**

- An (aspiring) PhD degree in a natural science discipline
- The PhD degree should not be longer than 8 years in the past
- Good publication record
- You should not be a resident of Germany

We are looking forward to receiving your application. Please send us your documents in one file via [career@silantes.com](mailto:career@silantes.com).

We will be happy to answer any questions you may have. You can also find further information at [www.silantes.com](http://www.silantes.com).
