

To strengthen our sales team we are looking for a

Sales Representative in the US region

in part-time.

Silantes is a medium-sized biotech company based in Munich, Germany. We produce and distribute stable isotope labelled biomolecules for applications in NMR and mass spectrometry. Recent developments allow us to expand our sales team in the USA. For this purpose, we are looking for a versatile colleague to take responsibility for our US accounts.

That's what you can expect in this position:

A job with flexibility and personal responsibility in a scientific environment. The field of activity ranges from customer care (maintaining contacts, organizing and carrying out customer visits) to participating in scientific conferences and helping to organize the shipping process. The remuneration model offers a lot of potential with both a fixed salary and a share of the sales.

This is what you should bring with you:

- A scientific background (Bachelor, Master or PhD) *Also conceivable as part-time employment during studies*
- A basic understanding of stable isotope applications in NMR and mass spectrometry
- A self-reliant and self-organizing way of working
- An openness to domestic travels

We are looking forward to receiving your application. Please address your application to **Marcel Gundy** and send us your documents in one file via career@silantes.com.

We will be happy to answer any questions you may have. You can also find further information at www.silantes.com.
