Please send me a free media sample

Yes

(200ml of unlabeled Silantes OD2 media – ready-to-use)

Please answer the following questions:

1.) For which purpose do you use stable isotope labeled biomolecules?

- NMR
- ESR
- Neutronsattering
- Structure determination
- in vivo labeling
- other:

2.) Which stable isotopes are you interested in?

- ²H
- ¹³C
- ¹⁵N

3.) Which Silantes products are you interested in?

- Rich Growth Media for
E. coli
- yeast
- dNTPs
- rNTPs
- Aminoacids
- Native Protein-Mixture
- native DNA/RNA

4.) Have you already visited our website at www.silantes.com?

- Yes No

5.) Which Silantes services are you interested in?

- Synthesis of isotopic labeled oligonucleotides
- Synthesis of chimeric DNA-RNA fragments
- Expression of stable isotope labeled proteins and peptides
- Fermentation service for biomass

6.) Are you interested in the in-vitro expression of proteins ?

- Yes

7.) Would you like to receive information about Silantes products in the future?

- by e-mail
- by mail
- by fax

8.) Comments:
